RE: Tucson Electric Power Company, rate increase

While a rate increase would not affect or harm the many wealthy customers currently being serviced by Tucson Electric Power, it would have an extreme diverse impact on the huge populace living at and below the poverty level.

With the increase in gasoline and groceries alone I have found my monthly disability check does not cover the very basic monthly living expenses. For the first time in my life I have had to break my electric bill into two payments.

These are financially difficult times for our country in general, to no fault of the consumer. I am respectfully requesting that a rate increase be denied to Tucson Electric Power at this time.

Sincerely,
Bonnie Parker
